Fall Recruitment

We had a great recruitment this year! A change we made this year was moving our more formal days to the Bradbury Thompson Center on Campus. Our Chief Recruitment Officer, Bailey Cole, planned a great week, during which we met a lot of very special women.

Philanthropy

On October 1st, we hosted a Taco feed at the Ichtus Campus Ministry house, selling tacos. All proceeds went to Shawnee County CASA. We had thetas making tacos, taking money, cleaning up, and selling baked goods at a table. It was from 5-8pm and we raised about \$750.00 during that time.

Homecoming 2013

Our Homecoming week was a blast. Between all of the events, we had a great time. The two biggest events were Yell Like Hell and the Parade. We had fun with our Homecoming Partners from Sigma Phi Epsilon. Those men were great dancers and float builders, indeed! Our house-deck, which we placed in front of the Sigma Phi Epsilon House placed first out of all of the sororities! Special recognition to Amanda Ahrens for designing another First Place House Deck and making an adorable cooler to give to the men as a "thanks" for the fun week.

Service in the Community

The annual Theta Day of Service on October 19th was a very service-filled day. We had sisters at not only Harvesters and CASA, but some women did a trunk-or-treat at Crestview Park, as well. It was a great day to be a Theta, in the community. Other events that Thetas helped with this semester were the Topeka Performing Arts Center Gingerbread Homes for the Holidays, the CASA Holiday Home Tours, and the Junior Achievement of Kansas Benefit Auction.

Sisterhood

We had several fun sisterhoods this semester! The most recent one was the holiday party, out at Shawnee Lake in a cabin. We had Theta Secret Santa, where the secret Santas left little notes as clues, and then gave a secret gift and revealed themselves. It was an "ugly Christmas sweater- attire" party.

Other fun activities we did throughout the semester were a Tailgate at a football game with some Alumnae, an evening of ice-skating, and much more. It was a very full, busy, fun semester!
